CATÁLOGO

2023

Con todo nuestro corazón y empeño, hemos logrado reinventar el concepto de la construcción y redibujar la modernidad con piedra y tecnología.

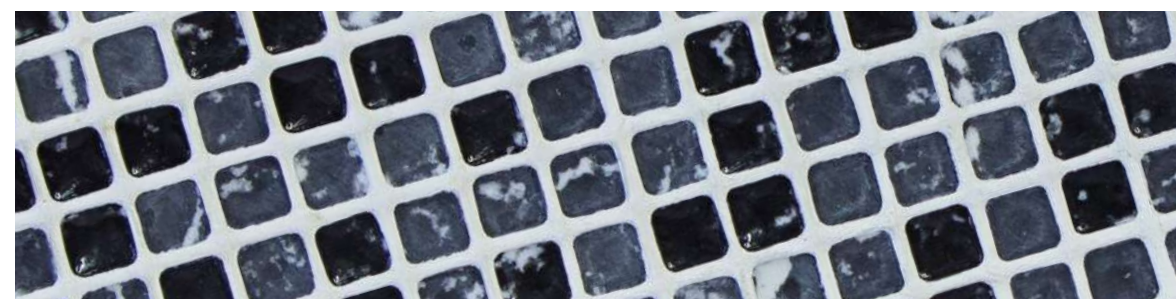

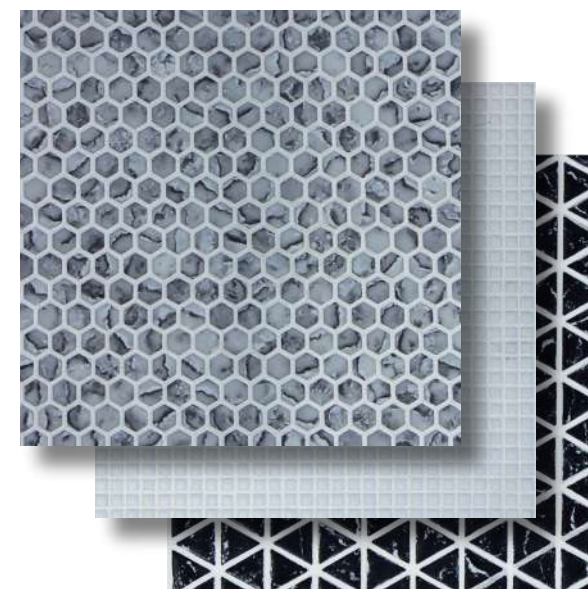

Ofrecemos la mejor y más exclusiva experiencia en el área de acabados y recubrimientos.

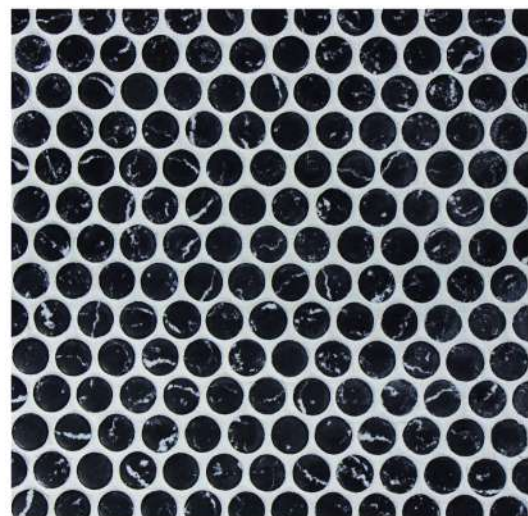

Gracias a los materiales y al diseño innovador de cada una de nuestras piezas, podemos garantizarte un excelente performance.

Con el famoso efecto “soft touch” y una belleza similar a la piedra natural pulida, nuestro SOLID SURFACE están compuestas en su mayor parte por cargas minerales, trihidratos de aluminio, ligadas por resinas naturales. Las formulaciones exclusivas, creadas en nuestros laboratorios, las hacen higiénicas, sedosas, resistentes, impermeables, antirayas y fácilmente trabajables si es necesario para cortes y perforaciones.
